Kaitlyn has a tentative between 11 and noon, so I will go ahead and propose a call from 1 to 1:30. I will propose that to Jared and if he agrees then I will send out the scheduler. Thanks,
 Dan

All – I can be available at 11 and anytime in the afternoon next Wednesday. My meeting at 11 is something that I can be updated on at a later date. Thanks!

I'm sorry – I think I'm the roadblock on Wed. I seem to have back-to-back meetings all day. I can move/cancel my 10 am and my 11 if those are times that will work for everyone else. And, in the pm, I can ask someone else to cover my standing calls (1-2:30 and 3-4) if those times work for everyone else. I can also make lunchtime available too, but if one of those other times work, I'd hate to encroach unnecessarily on everyone else's lunch.

Allison

Looking at scheduler it seems like Allison Graham is out of pocket all day Tuesday. For Wednesday after 11, things look a bit complicated, although it seems like we are all available between noon and 1. I hate to intrude on your lunch hour once again, but could I go ahead and suggest that? I would rather not wait until Friday. Thanks, Dan

Jared,

Good to hear from you. We would very much like to talk to you and your colleagues. Unfortunately, I'm out of the office most of this week, so there aren't many open times this week to talk. We do have a two hour slot this Thursday, 4/24, between 11AM and 1PM. Is there any chance you and your colleagues would be available at some point during that time frame? Please let us know if that would work. If that doesn't work, please let us know what might work for you early next week. Allison Graham and Kaitlyn Bendik from EPA's Water Division will be joining Allison Gardner and me on the call. Thanks, Daniel

Subject: RE: Super Salvage

Good Afternoon Daniel,

I was wondering if you and Allison might have some time in the upcoming week (or two) to discuss the Super Salvage case. Specifically, my Water Quality group has some concerns about CWA compliance that they would like to discuss with you, and I just wanted to arrange an introduction. If you have any CWA people working on this matter, then it might be helpful for

them to participate.

Thanks,

Jared Piaggione
